

Mounting frames KS RA

Filtration accessory equipment – mounting frames

Design

zinc-coated sheet metal, stainless steel if required

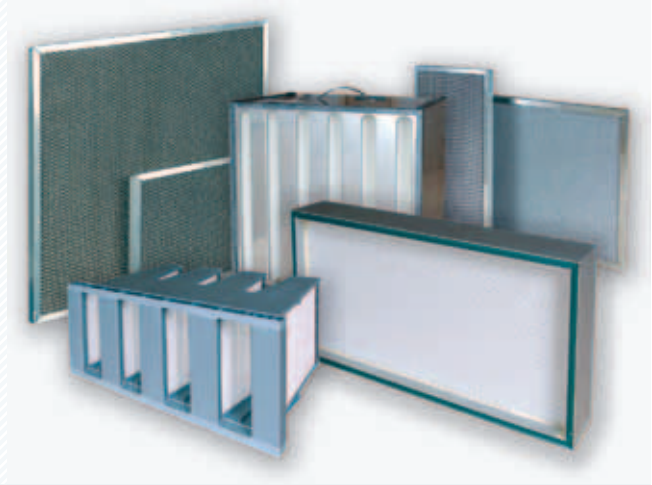

Delivery options

610 (w) × 610 (h) × 70 (d) mm

508 (w) × 610 (h) × 70 (d) mm

305 (w) × 610 (h) × 70 (d) mm

305 (w) × 305 (h) × 70 (d) mm

Features

The KS RA mounting frames are made of zinc-coated sheet metal, the frame includes 4 clamps and seals. The filters are mounted easily and safely by their inserting and pressing the clamps to the microporous seal. Side assembly openings facilitate assembly of frames into filter walls.

Use with filter types

- KS-PAK pocket filters
- KS-FP compact filters
- KS-PL(25) frame filters
- KS-W, KS-Z1 (25) frame filters
- KS-AFP compact filters with activated carbon

Advantages

- installation of frames into all air-conditioning units and assembly into filter walls
- perfectly tight fastening of filters by four clamps
- automatic filter centring

An advantage of the KS RA frame is the variable mounting and subsequent dismantling of filters from both sides, i.e. in or against the direction of air flow.
