

# Mounting frames KS RS 120

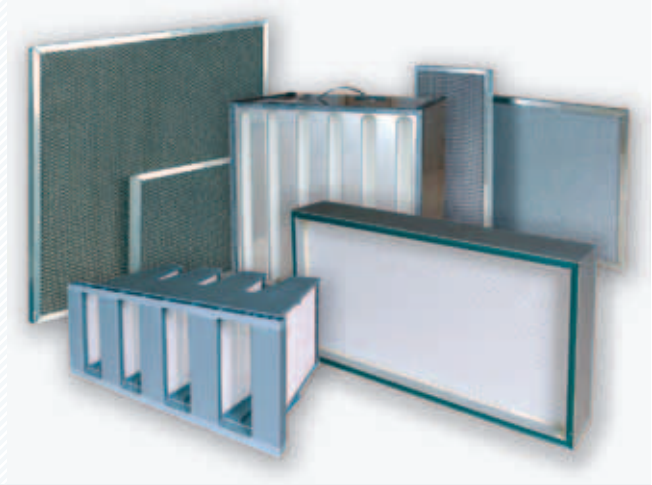

## Filtration accessory equipment – mounting frames

### Design

zinc-coated sheet metal, stainless steel if required

### Delivery options

610 (w) × 610 (h) × 120 (d) mm  
 508 (w) × 610 (h) × 120 (d) mm  
 305 (w) × 610 (h) × 120 (d) mm  
 305 (w) × 305 (h) × 120 (d) mm

### Features

The KS-RS mounting frames are made from stainless or zinc-coated sheet metal. They are equipped with 4 clamps that press the filter element to an integrated microporous seal.

### Field of application pro typy filtrů

The frames are used for mounting a pair of filters, e.g. combination of pre-filters and after-filters or filters with activated carbon KS FP, KS PAK, KS AFP, KS W, KS Z, KS PL. An excellent solution for manufacturers of air-conditioning units. Combination of filters, e.g. FP+AFP, W+PAK, FP+FP, FP+PAK.

### Advantages

- new mounting of a pair of filters
- small structural depth
- easy mounting into air-conditioning units
- suitable for filtration classes E10 – H13
- suitable for combination into large filter walls
